

NEW!

From Alliance Window Systems 3-1/2" Exterior Casing (Flat)

Welded, mitered
corners and
a J channel

Exterior casing
shown in Terra Bronze
with Tan window

Exterior Trimming Just Made Easier!

- Fully assembled as a complete surround (ready to install)
- Fin with an integral J channel
- Welded mitered corners
- Significant reduction in installation time required at the job site
- No material waste
- No screw holes to fill
- No expansion or contraction
- Mix or match windows and casings with 9 exterior color options
- Also available in Tan/Tan
- Also available in 16-foot lineal lengths

Please Note: To install, we suggest the back of the casing be caulked in the channel next to the rubber gasket. Fasten the fin to the exterior wood sheathing.

Standard Exterior Colors*

*Note: Colors shown are printed representations. Contact your Alliance Window dealer to view actual samples.
